TOO NICE TO EAT – Children attending the West Parish Church nursery school visited Reed's Turkey Farm recently, to see a flock of turkeys. The youngsters were intrigued by the birds – and probably none of them even wondered whether the birds they saw may appear on their dining room table Thanksgiving Day. (Staff Photo)

Letter To All Parents Warns Of Molesters

All parents in the community have been urged to instruct their children in the best methods to protect themselves from molesters.

Police Chief David L. Nicoll, in a letter sent home with all school children, asks the parents to discuss the subject with the youngsters, and give them instructions that may help to prevent future molestation cases.

The police department has handled six of these cases since August - more than would normally be encountered in a similar period.

Chief Nicoll explained that there just seems to be an increase in this type of case, in recent months.

Four of the six cases reported to police have been taken care of, he reported. Two other remain unsolved.

In his letter to parents, the chief suggests that "Parents and police must work together if boys and girls are to be protected from child molesters."

"Discuss the matter calmly with your child", he writes, and be sure that he has been instructed what to do if he is approached:

"Refuse to get into a stranger's car, or go anywhere with him, and get away as fast as possible.

"Report the incident to you (the parent), his teacher, a policeman, fireman, mailman, or any adult person the child knows.

"If possible, get descriptions of the car and person.

"If at all possible get the registration number of the car. This is most important.

"If you, yourself, see anyone

EARLY COPY NEEDED FOR NEXT WEEK

All news and advertising copy must be in the office of the Townsman a day early next week, due to the Thanksgiving holiday.

A deadline for this issue has been set at 5 p.m. Monday, and all of those with news or advertising material for the issue are asked to cooperate in meeting the early deadline.

Excise Taxes Will Be Late

Automobile owners probably will be paying their 1960 excise taxes way into 1961, at the rate they are being received from the state.

Tax Collector James Christie is even now working on a batch of bills which may bring the total up to just over 50 percent of those to be mailed eventually.

But he can't mail them out until the state division of Corporation and Taxation has sent the bills to the assessors, who then figure out the amount of tax owed.

And the state is as slow this year as last.

Christie explained that he sent out almost 1,400 bills in April of 1960, for taxes due in 1959. The bills simply were not received from the state until then.

The value of the first three commitments received this year was

Can You Hunt Legally Anywhere In Town?

By David E. Young

Is hunting really legal in Andover?

Jim Doyle of Reservation rd. maintains it isn't - with a few isolated exceptions.

And an aerial survey of the town tends to prove his contention that most hunters are violating the law when they stalk their game within the town limits.

The law requires that no firearm be discharged within 150 feet of a road; and that no hunting take place within 500 feet of a dwelling. Doyle's thesis is that there are only a few areas in the town now, where a hunter does not violate these laws.

Indeed, the town is beginning to look crowded, as it was viewed this week from a thousand feet up.

Wooded areas aren't as large as they once were - houses have sprung up where trees once grew in profusion; streets intrude into sections where none existed; backyards where children play extend into the former hunters' reservations.

It's debatable, as even Doyle will admit, as to just how much, or how little, of the open area can legally be hunted.

But he makes the point that most hunters don't seem to care at all - they don't try to find out whether the woods and fields they used last year have become off-limits because homes and roads have been constructed during the year.

"You'd have to take a surveyor in, to find out where you could hunt", he exclaimed, "and what hunter ever did that?"

In looking at the town from the air, there seems to be only one relatively safe area for hunting - west of Route 93, extending actually into Tewksbury. Even this may be unsatisfactory in the near future, however, as the new Route 495 becomes a reality. This construction

Public Hearing On RR Plans

All residents of the town will have a chance to express their ideas on the B & M Railroad's plan for the Essex st. crossing, at a public hearing in the town hall Nov. 28, at 8:30.

Town Manager Thomas E. Duff scheduled the hearing, following a meeting of abutters, who went over the specific traffic and road alterations proposed by the railroad.

The abutters were convinced, the town manager reported, that special attention must be paid to traffic conditions on Essex st., and to parking near the tracks at the existing town parking lot.

Recreation Council Continuing Courses

Classes of the Community Recreation Council, ordinarily scheduled for the Junior High, will be held in Central School tonight from 8-10.

Many residents attended the first classes last Thursday. It was announced that there will be no fly-tying or volley ball classes until Dec. 1.

Henry Boulanger conducts a class in stamp collecting, and anyone interested in this activity may contact him.

The volley ball class is in charge of Roger Collins.

Mr. and Mrs. Norman Barnes are leading the course in drama,

South Church Planning 250th Anniversary Events

A meeting of the 250th Anniversary Committee of South Church was held in the church parlor Sunday evening, Nov. 13, to report progress on plans for a forthcoming celebration to mark a milestone in the life of the church.

Oct. 17, 1961, will be the 250th anniversary of the founding of South Church, and a week-long program of commemmorative activities will be centered around this date.

Sunday, Oct. 15, 1961, will feature a special worship service in the morning, reviewing the past 250 years, and a historical procession and pageant in the afternoon.

The following Tuesday, the anniversary date, a banquet for members and friends of the church will be held.

Friday, there will be a musical service, activities for young people, and a display of historical exhibits.

The closing Sunday, Oct. 22, 1961, will be a time of rededication to the great principles on which the church is founded.

The chairman of the general committee is Elbert C. Weaver. Sub-committee chairmen include Miss Mabel Marshall for the pageant; Keith Gould for music;

Successful Meeting By Village PTA

At the Shawsheen School P.T.A. meeting held recently, the program "A day In The Classroom" was presented. Ralph Writz, president of the P.T.A., introduced the school principal, Miss Anne Harnedy, who was chairman for the evening's program.

The classroom visitations were divided into two sessions to allow parents with more than one child an opportunity to observe some of the actual work done in each child's classroom.

Refreshments were served by the second grade mothers.

The next meeting of the Shawsheen P.T.A. will be the sixth grade Christmas program, scheduled for Dec. 14.

No Action On Hunting Problem

Selectman Russell Doyle once again has asked his colleagues to do something about the hunting problem in Andover.

Monday night he reminded the Board that the complaints about hunters still exist - and suggested that perhaps the town might restrict hunting to residents of the town only. This idea, he said, was passed along to him by one interested resident.

Chairman Eugene A. Bernardin Jr. commented that this would be hard to police, because the hunters move around so much.

Instead, he thought that a plan used in Boxford might work. That community allows hunting only when the hunter obtains written permission from the land owner.

No action was taken on the matter.

Will Demonstrate Dried Decorations

The next meeting of the Andover Junior Garden Club will be held Saturday, Nov. 19, at 10:30 a.m. at the Bay State Merchants Bank on Main st.

Mrs. Richard Anderson, chairman of the Junior Garden Club, will speak on "A New England Thanksgiving", demonstrating dried decorations for the Thanksgiving table. It would be helpful if each member could bring a pin holder to this meeting. Dried material will be provided.

The morning's program will also include a quiz on terrariums and flower arrangements, which were covered at the previous two meetings. A prize will be awarded the winner.

An election of officers was held at the October meeting, at which Jacqueline Penney was elected president; Ann Collins, secretary and Sandra Butcher, corresponding secretary.

Mrs. Richard Anderson will be assisted by Mrs. Walter Curtis, Mrs. Vincent Stulgis, Mrs. Charles Baker, Mrs. Adeline Wright, Mrs. John Cecill Jr., Mrs. Robert Lange and Mrs. Ernest L. Wilkinson.

Refreshments will be served by the committee.

ALMA GREW ON DEAN'S LIST

It was announced this week at a special assembly that Miss Alma Grew, daughter of Mr. and Mrs. James H. Grew of "Hidden Field" has earned a place on the Deans' List at Wheaton College. To be eligible for this honor, a student must maintain an over-all average of "B" or better for two consecutive semesters.

Miss Grew, a sophomore at the Norton liberal arts college for women, participated this month in ceremonies commemorating the 125th anniversary of the college.

Christmas Tree Location OK'd

The square immediately in front of the town hall will be the site of a 30-foot Christmas tree this season.

At the suggestion of the Board of Trade, the Selectmen have agreed to put a manhole in the four-car parking area, into which a tree can be placed. The Board promised to meet all expenses of the annual Christmas observance, if the town will put in the receptacle.

President Kenneth P. Thompson told the Selectmen that the Trade Board hopes to have Carol singing and other seasonal observances there.

Open House At Jr. High

The program will offer the parents an opportunity to follow their son's or daughter's program of a typical school day by going through a schedule of 10-minute classes. Parents will have the opportunity to meet the faculty and to become informed of the various course objectives.

Those who plan to attend are asked to be at the Junior High (Memorial) Auditorium by 7:15. Classroom visits will be followed by an informal social hour, during which refreshments will be served.

League Sponsors Discussion Group

The League of Women Voters will offer the community a new type of activity Dec. 13.

A morning meeting, to be held at Cooley House, Phillips Academy, will be a group discussion on Africa and its relationship to the United States. This meeting will be different from the usual League discussion meeting in that it is hoped that all those attending will have done some reading on the subject.

Mrs. Per Bro, member of the League's committee on Economics and Foreign Policy, will be the discussion leader for the morning. Mrs. Bro attended the class sponsored by the League of Women Voters of Massachusetts last year to train leaders in the discussion method. An active group, under the chairmanship of Mrs. Paul Crane, is studying Africa now and will present for the discussion Dec. 13.

Mrs. Crane urges all those interested to avail themselves of the material available on Africa at the Library and to come to the discussion Dec. 13 for a "Deep Look at Africa".

GALAXIE BY FORD: BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF . . . THE FIRST 1961 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates itself. You'll normally go 30,000 miles between chassis lubrications.
Cleans its own oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
Adjusts its own brakes. New Truck Size brakes adjust themselves automatically for the life of the lining.
Guards its own muffler. Ford mufflers are double-wrapped and aluminized—normally will last up to three times as long as ordinary mufflers.
Protects its own body. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.
Takes care of its own finish. New Diamond Lustre Finish never needs wax.
Extended warranty. Ford Dealers were the first to extend their warranty on '61 cars to 12,000 miles or one full year, whichever comes first. Ask your Ford Dealer for details.

AND IT WILL TAKE SUCH BEAUTIFUL CARE OF YOU!

LOOK AT FORD'S BUILT-FOR-PEOPLE FEATURES—THAT GIVE YOU THE FINEST RIDE ON THE ROAD

MR. POPPER'S PENGUINS – That's the production scheduled by the Children's Theatre Workshop Dec. 9-10. Here are cast members in the early days of rehearsal. In the foreground are Phebe Miner, "Mrs. Popper"; Jacqueline McGinty and Taffy Thompson, "penguins"; and Bryan Miller, "Mr. Popper". (Staff Photo)

Portraying Pet Penguins

How would you like to have 12 penguins, 10 babies and their parents living in your house?

Well, the Poppers of Stillwater, U.S.A., just love it! Their unusual pets provide a source of merriment in "Mr. Popper's Penguins", which will be presented Dec. 9 and 10 in Andover and Dec. 17 in No. Andover by the Children's Theatre Workshop.

These penguins, portrayed by Ruth Anderson, Deborah Brown, Heather Buchan, Scott Currier, Douglas Dodd, Thomas Drake, Leonard Johnson, Jacklyn Marsan, Nancy Mooney, Daphne Thompson, Hannah Whitney and Michael Wright, are quick to learn stunts. They march to music, wrestle, slide down ladders and do many other tricks as they parade around the stage.

Blue Devils Topped Winthrop, 18-14

The Blue Devils see no action this weekend, preparing for the North Andover Thanksgiving Day game - which this year will be held at North Andover.

Last Saturday's meeting with Winthrop marked the first time this year Andover has cracked into the win column in the Northeast Conference.

The 18-14 win over Winthrop, which was the pre-game favorite, gave the Blue Devils their second win of the year. Co-captain Dick Bourdelais sparkled, hauling in passes tossed by Ray Collins and halfback Jack MacCormack.

$2,000 LEFT TO HOSPITAL

For the special needs of the out-patient department, the sum of $2,000 was bequeathed to the Lawrence General Hospital by Mrs. Myra Church Smith of Andover, it was revealed when her will was recorded in the Registry of Probate. The gift was made in memory of her parents, Hannibal Hamlin Church and Hannah Olive Church.

The woman, who died Sept. 30, and who drew up the testament last Feb. 23, also left $200 apiece to Elsie Haller Hanley of Cambridge and Katharine Milea of Lawrence "because of their devoted service to me and to the people whom we were privileged to serve through the Lawrence City Mission."

Samuel P. Horne of Haverhill, husband of Mrs. Miriam E. Horne of that city, a niece, was nominated as the executor. No estimate of the value of the estate was listed. The niece and a nephew, Edward H. Mackay Jr., of San Francisco, Cal., were awarded $1,000 each, and a like sum was given to a grand-nephew, Edward H. Mackay III, of San Francisco. Mrs. Smith left $1,000 and a diamond ring to a late husband's daughter, Elizabeth S. Ryan of Los Angeles, Cal.

Legacies of $200 each were devised to Annabel Cate of Salem, Lancaster and Edward C. Elliott, Jr., of Andover. Household furniture, books, clothing, linen, china, silverware, remaining jewelry and articles of personal use were left to the niece, who is to distribute them in accordance with suggestions previously made by Mrs. Smith.

The residue of the property was bequeathed to the niece and nephew. The probate petition listed the nephew's heir-at-law as a sister, Mrs. Elizabeth W. Mackay of Clinton.

"Look what we did for Ourselves"

Both of us work. Both of us save. Every payday we make a deposit in our Lawrence Co-operative savings account. We've been doing that for five years. That's how we got this beautiful tri-level house.

The saving habit sure pays off. You get so much more for your money when you pay cash for big purchases. Time payments cost money – often plenty of money.

Save before you buy. That way you get interest instead of paying interest at rates of 10 to 20 per cent a year. The difference is substantial.

EDITORIAL THOUGHTS

No Hunting

The wrath of careful hunters everywhere may come down around our ears – but it seems logical at this point in the community's history to put an end to hunting in the town.

We mentioned a few weeks ago that the hunting vs no-hunting question is a two-sided affair – but the weight of the evidence indicates a no-hunting policy should be adopted.

Those favoring hunting suggest several plans – better control of the hunters by the sportsmen's clubs and the hunters themselves; partitioning the town, to keep hunting in the outskirts; hunting only with written permission of the land owners, to name a few.

Each of these suggestions has some merit, but enforcement appears to be a big problem. A hunter is highly mobile – and this makes it difficult, if not impossible, for the police to do their job. In the time it takes for an officer to get to the site of a complaint, the hunter is often gone – and gone with him is the opportunity to enforce whatever law is applicable.

On the other hand, a strict no-hunting by-law could be enforced. Whenever a hunter is observed, he could be informed of the by-law immediately – without waiting to receive a complaint.

We hope that a by-law is proposed, for action at town meeting next March, which would put an end to this annual problem, which is both annoying and dangerous to a large segment of the population.

No One Opposes Santa

Santa Claus is a mighty popular fellow – just ask the kids, or for that matter, their mothers and fathers.

The youngsters, of course, think of the jolly old man who makes his annual visit not so many weeks from now.

But the older folks seem to picture Santa in a different way.

Sometimes he looks like a presidential candidate; sometimes appears as a party platform; occasionally takes on the image of Uncle Sam; and once in a while he even appears on the ballot.

Take, for example, the question on the ballot in some state senatorial districts, asking whether the voters would instruct their senator to vote for a state resolution, asking Congress to give a pension to everyone over 65, and provide a vast array of free care.

The vote was overwhelming – eight, even 10 to one, for the proposal. Yet there never has been any discussion of the cost of this tremendous give-away, nor how it would be administered. Those voting for it just liked the picture of Santa Claus they saw reflected from their ballots.

And to a lesser, but quite evident, degree, the voters across the country saw Santa Claus in the Democratic party platform, and liked what they saw. They may not like the taxes that will inevitably be levied to pay for these promises – but many of these probably will be hidden in some way so that they seem somehow to be almost non-existent.

We wonder whether, in the final analysis, the victory of the Democratic party at the polls Nov. 8 can not be attributed to a basic political philosophy – "You can't shoot Santa Claus".

Whatever other factors were involved, it appears quite evident that a lot of people voted for him.

Delay On Purpose?

The state and town are once again banging heads over Rogers Brook – this time over the need for more extensive surveys prior to necessary land takings. Does the constant injection of delay-causing technicalities by the state indicate a reluctance to do this job?

Liquor License Quandary

It won't be long before an official announcement of the town's population from Washington brings up the problem of another package store license becoming available. There are many interested residents, who have indicated they will apply for the license when that time comes. There's one criteria that should not be used in judging the merits of the applicants – and that's the date when the individual first made known his intention to seek the license. It doesn't make much difference when a man applies – but there are many other factors of greater importance to be weighed.

Seeks Candidate

Rumor has it that influential citizens are being urged to run for the School Committee by others, who have strong feelings about the present make-up of the Committee and wish to see a major shake-up occur at the annual March election. It's interesting to note that the much-publicized Dimlich case has not yet been scheduled for trial. Is it going to come up right in the middle of the campaign?

Down the Years with The Townsman

50 Years Ago – November, 1910

A telegraphic reproduction of the Harvard-Yale game will be given Saturday afternoon in the town hall, under the auspices of the P. A. Swimming Pool Committee. Arrangements have been made for a direct wire from New Haven for the game.

At the recent meeting of the Andover Natural History Society Tuesday evening, L. D. Sherman gave a very interesting talk on "Flashlighting Deer". The group also adopted a resolution in memory of the late William G. Goldsmith.

The November Club had its first meeting of the year last Monday, and entertainment was provided by 22 members who were born in Andover.

Andover's population in the 1910 census was 7,301, as against 6,831 in 1900.

The annual AVIS report urges the construction of a bandstand in Elm sq. The Townsman, in an editorial, comments that there is not a need for this. A committee, headed by George T. Eaton, will study the problem.

25 Years Ago – November, 1935

The town has been notified that it will receive a $44,000 grant under the WPA farm and market program. The money may be used to gravel streets in the farming areas of town - West Andover and the Salem st. district.

ERA has come to an end here gradually, and the WPA projects will begin to take over. The biggest difference is that the local departments will run their own work, hiring men through the U. S. Employment service.

A truck went over to Methuen and brought back the goal posts, after Punchard rooters had uprooted them following the 19-0 win. The posts were erected in front of town hall, and various students addressed the crowds that gathered.

Earl Ferguson has been elected master of the Grange.

An editorial this week calls for Andover to be taken out of the representative district with South Lawrence. The editorial points out that Andover voters can never muster enough votes to elect a local man, because So. Lawrence so heavily outweighs the local vote. The result, the editorial concluded, virtually leaves the town without representation.

10 Years Ago – November, 1950

Over 86 percent of the 7,277 eligible voters went to the polls, and, as usual, maintained support for the Republican candidates. However, the margin here was considerably less than in some years, with Gov. Dever running strongly

John J. O'Connell, president of the Taxpayers Association, has indicated he will ask for a secret ballot at the special town meeting next Monday night. He says the plan will not take much time, as voters will be given ballots when they enter the hall, and these can be collected easily. If approved, this will be the first time a secret ballot has ever been used in town meeting.

The Taxpayers Association has approved the new school project, with its $1,200,000 price tag. But the Association also warns that a $14 increase in the tax rate looms next year.

Main st. will have four new lights, as work begins this week on the installation of the lights between Punchard ave. and Chestnut st.

Punchard bowed, 24-6, to an unbeaten Concord eleven, at the latter's rain-swept grounds last Saturday.

The annual open house of the Memorial Hall Library will be held the 19th, with Miss Margaret L. Coit as speaker.

Col. Perkins Has Reached Retirement

Great Books

New members may enter the group at any time. For those who would about this program and its operation, a few interesting bits of information may be worth mentioning. This group has been active in Andover for nine years, with few of the charter members still in attendance. Miss Helen Stewart and Robert Rockwell have been leaders in the discussion since the opening of the local group. They follow the technique of all Great Discussion Group leaders; they answer no questions, settle no differences of opinion among participants, but observe the strict rule of keeping the members to the line of the reading, and suggesting new points of departure in the conversation if there is a lag.

The reading follow in most cases a course established by the Great Books Foundation; each year it covers excerpts or entire books in political theory, philosophy, drama, science and outstanding classics of fiction.

Anyone wishing more information may call the library or plan to attend the next meeting.

And thus the old argument that hunters find themselves in back yards, where fields were last year, is true.

If anyone wants to see just how true - or to hear Doyle explain his theory that there is no place for hunting in the town at all - just call him at his Reservation rd. home.

"I'll take up anyone who wants to find out how little open hunting land there is", he promised.

and are interested in contacting anyone interested in this activity.

Bridge for beginners and duplicate bridge are being offered, with John A. Hawes in charge. In last week's class, the east-west winners were Robert Gaynor and Howard Hamilton, while the north-south winners were Charles Lee and Mrs. Thomas Dye.

William Igoe organized the fly-tying group, which was attended by Gerald S. Nelson, Henry Boucher, Frank Mooney, J. Keith Jones, D. C. Kerns and Walter Mooney. At the session Dec. 1, Mr. Nelson, Mr. Boucher and Mr. Mooney will give a demonstration on streamer fly-tying and a film will be shown.

Mrs. Lewis Trumbore and Mrs. Robert Orchard will welcome anyone interested in painting or drawing. Individual instruction will be given those wishing to work in the various mediums - charcoal, oil or water. Beginners are asked to bring a sketch pad and a soft lead pencil. There are arrangements for a still-life to be set up.

HEARING ON PLAN FOR RR CROSSING

(Continued from Page One)

In this connection, he reports that the town is being urged by abutters to obtain the necessary land. Various firms in the area have agreed to cooperate in granting easements, etc., where necessary.

Mr. Duff explained that the abutters want the town and the railroad to come to some agreement which will be mutually beneficial.

They stressed the necessity of keeping a public way on School st. over property now owned by the railroad, which will eventually be owned by Guy Howe. This is the section of School st. nearest the waiting platform. If closed off, traffic would have to move around the island in the middle of the intersection.

Attending the meeting of abutters and interested parties were John L. Cole, Planning Board; Maxwell L. Stuart and Kenneth E. Holmes, F. W. Stuart Co.; Guy B. Howe, Westport Realty Trust; John P. Grigas, Rickey's Variety Store; George Westhaver, Philbrico Sales and Service; Ralph Spector, Vermont Realty Co.; Herbert Ortstein, E. C. McCabe, E. G. Dinsmore, J. P. Stevens Co.; Harry Axelrod, Walbuck Crayon Co.; Selectmen William Stewart and Eugene L. Bernardin Jr.; Donald Basset, superintendent of the sewer and water departments; Stanley Chlebowski, superintendent of the highway department and John J. Stack.

The railroad seeks to install automatic gates at the crossing but wishes to straighten out the track situation first. They propose moving Railroad ave., so that it runs into Essex st. directly across from the municipal parking lot, taking the industrial tracks out of the crossing; and creating access to the industrial plants on the south side of Essex st. through the municipal lot.

Agree On Price ut Seize Land

The town has seized John L. ves' property on Lovejoy rd. - proposed school site - but in "amicable way".

Despite the seizure, it was re- ter Monday night that an agree- nt had been reached on purchase the property - but the actual ntract had not been signed yet. us, the Selectmen signed the cessary land taking documents, that the School Building Com- ttee can access to the site mediately.

own Counsel Fredric S. O'Brien d the agreement had been tten, and that Atty. Halbert Dow s to have the document signed or to the Monday evening ses- n of the Selectmen. However, had not been received at that e.

The Selectmen did not indicate price agreed upon for the land hich amounts to some 32 acres. had been estimated originally, en the first meeting of town rds was held about the seizure, t about $15,000 would be needed the acquisition.

Atty. Dow, contacted Tuesday, d he anticipates that the agree- nt will be signed. He also re- ed to make the price public, ding actual completion of the nsaction.

After the Selectmen acted Mon- y night, Selectman Russell Doyle nted to make it clear that the n and Mr. Noyes have agreed a price, and that Mr. Noyes agreed to sell the property or to the seizure. In view of the erest generated in the subject, hoped it would be understood the decision to wait two weeks, in order to attempt a purchase agreement, has proved to be a wise decision. The decision to seize the land, he continued, was made only to allow greater speed on the part of the School Building Committee.

That group met Tuesday evening to begin the task of considering architects for the project.

The Committee has several applications in hand, but has only begun the process of interviewing and discussing the various firms. Members of the Committee have made it known, however, that local architectural firms, as well as those from more distant places, will be treated equally during the deliberations.

Will Discuss Salary Boosts

Salaries will be the big issue when the School Committee meets next Tuesday.

Although the Committee has discussed teachers' salaries on several occasions, there has, as yet, been no agreement on the extent of any increase.

However, it is anticipated that the Board will attempt to make this decision next Tuesday, in the face of budget deadlines.

At the last session, there was considerable discussion about raising maximums; paying for master's degrees; and changing the merit system.

Several members of the Committee have prepared their own salary plans for presentation to their colleagues, in addition to hearing the advice of Supt. Edward I. Erickson.

Talk success — and success is bound to come your way.

DAR Entertained Its State Officers

Three state officers were among the invited guests at the November meeting of Priscilla Abbot chapter, N.S.D.A.R., held Nov. 8 at the home of Mrs. M. M. Jones on Lowell st.

They were Mrs. Kenneth Goepper, of Belmont, State Councillor; Mrs. James J. Lucas of Allston, chairman of Junior Membership; and Mrs. John J. Kelley of Watertown, Chairman of D.A.R. Schools. Each of these ladies spoke about her particular field in an interesting and informative manner.

The councillor's work is one of information to prospective members, telling groups about what the members of the organization do, advising about classes for citizenship to foreign-born, showing what constitutes eligibility to become a member of the D.A.R., explaining the bylaws, getting help from genealogists, and helping the various committees.

Mrs. Lucas spoke on Junior membership. She hoped that each chapter could get at least one new member from the 18 to 35 age list, so that the aims of the organization would be carried on. She mentioned paging in the state and National conferences and other duties in which the younger members would be interested. The two schools owned by the D.A.R., Kate Duncan Smith School in Alabama and Tamassee in South Carolina, for underprivileged children, are special projects of the Junior membership, and Mrs. Lucas told how much had been contributed towards the maintenance of these schools.

Mrs. Kelley also spoke of these two schools and said that helping to build a new auditorium for the Kate Duncan Smith School was the big project of the D.A.R. for this year. While these two schools are owned by the Daughters, there are several other schools to which the organization has given approval, one of which is here in Massachusetts, the Hillside School for Boys in Marlborough. Others mentioned were the Berry School in Georgia, Crossnore in North Carolina, St. Mary's School for Indian girls in South Dakota, and Pine Mountain School in Kentucky.

Mrs. Goepper ended the talks by telling some of the things that had been done when the organization was first started, mentioning that the Daughters of the American Revolution was first of all for patriotism; a plaque in Memorial Hall in Washington telling of the love of home and country to which the members are dedicated.

There were 21 members present at the meeting, plus 10 prospective members and guests. The vice regent, Mrs. Priscilla Thompson, opened the meeting in place of the regent. Mrs. Thompson introduced the speakers and other guests, and three former regents were on the hospitality committee: Mrs. Frank Hayes, Mrs. Leo V. O'Connor, and Mrs. Roland Weeks. Dessert was served prior to the business. The hostesses were Mrs. M. M. Jones, Mrs. Alice Damon and Mrs. J. K. Jones.

The business meeting was opened with prayer by the chaplain, Mrs. Ernest Edmands, and salute to the Flag, American's Creed and one verse of the National Anthem led by Mrs. Weeks. Mrs. Harry Donovan, who was not present when the new officers were installed last May, was installed as recording secretary, by the chaplain, Mrs. Edmands.

The secretary's and the treasurer's reports by Mrs. Doone and Mrs. William Trow, were read and approved, and it was interesting to note that quite a had been added to the treasu the recent rummage sale. Mrs. Frank Hayes read a piece what young students have done going to Africa and teaching country, white, colored, India Americanized Chinese, all together. Mrs. Edwin Lewis about a box of clothing being to St. Mary's School for girls, as a report from Mrs. Jones, who was unable to be present. Mrs. Lewis also spoke a new Flag which will be given at one of the schools.

The next meeting of the Chap will be held at the home of Mrs. Edwin Lewis, 11 Pasho st., De 13. Mrs. Thompson reminded members to bring Christmas for the boys of the Hillside Schoo as has been done in the past. The will be Christmas music under direction of Mrs. Frank McAfee music supervisor at the Ando schools, and the hostesses wil Mrs. Frank Hayes, Mrs. Murray and Mrs. Leo V. O'Conn

DAR IN SESSION – Priscilla Abbot Chapter, N.S.D.A.R., met Tuesday, and entertained state officers. Seated are Mrs. James Lucas of Allston, state chairman for membership; Mrs. John Kelley of Watertown, state chairman for schools; and Mrs. Kenneth W. Guepper of Belmont, state councillor. Standing are Mrs. Roland Weeks, past regent; Mrs. M. M. Jones, hostess; and Mrs. Leo O'Connor, past regent of the local chapter. (Staff Photo)

Girl Scouts

The new Brownie Troop at Central School, under the leadership of Mrs. Frank Gaw, became so large that it was necessary to make it into two troops. Mrs. Gaw, with Mrs. Fuller, as assistant will have 14 girls and Mrs. Lucier, with Mrs. Miller as assistant, will have 14 girls. Both troops spent their meeting time sewing on small duffel bags. Both troops will continue to meet in Jackson School each Monday at 3 o'clock.

Troop 32

This troop devoted part of their meeting time to helping Mrs. Ralph Gibson make some dolls for the Church fair.

Troop 74

This troop has had two meetings so far this fall. It is composed of second and third grade girls at St. Augustine's School, and they meet each Monday immediately after school in the school hall.

They have elected the following officers: president, Diane Gaudet; vice president, Susan Deveau; secretary, Barbara Manock; and treasurer, Kathleen Shea.

The girls are working on the basic Brownie things, the Promise, the Salute, The Handshake. Mrs. Cronin is leader of this troop and Mrs. McCabe is her assistant.

Troop 90

This troop, in addition to work on their trefoil, is studying the World Association. Patrol III was asked to do research on China. They presented a very excellent report, with each girl taking part and had a display which included chopsticks, knick knacks, kimonos and pictures of different Chinese foods. The meeting was closed with a song.

Troop 95

This troop had their first meeting last Monday. Twenty girls registered and the following officers were elected:

President, Lois Grant; vice president, Lee Buchan; secretary, Sue Weaver; treasurer, Carol Latourneau and clean-up committee chairman, Diane Hayes.

The rest of the meeting was devoted to games and closed with the Brownie Good-Night Circle.

Troop 112

This troop had their regular meeting at the South Church. The girls continued knitting on their ear warmers. A prize will be awarded to the girl who finishes her ear warmer first.

Troop 118

These girls completed plans for their fly-up ceremony which will be held Nov. 17 at 3:30 p.m. in the hall at St. Augustine's School. As part of their meeting time today was spent writing invitations to their friends and parents for the ceremony.

Mrs. Alfred Fishera's second grade Brownie Troop had their regular meeting. They are planning their program for Investiture. They will tell the Brownie story with puppets. The puppets are being presented to the girls by the Troop Committee.

Mrs. Fishera had a very successful Troop Committee meeting at her home last Monday night. Mrs. Ernest Costello, Mrs. Harden, and Mrs. Donald Poulin were present. They worked on puppets for the Brownies, and made some plans for the forthcoming meetings.

EXCISE TAXES WILL BE LATE

(Continued from Page One)

$185,965 - only a fraction of the total that will eventually be collected. Last year the total ran $328,000.

Thus it is obvious how little the work has yet been accomplished, and how late the bills may be in reaching the car owner.

Who is at fault?

Christie explained that the cards used in presenting the data to the state are, in fact, the third cards in your registration application. And the carbons are so bad, so hard to read, that the work slows down to a trickle. That, and the problem always created when "green" help is used, result in the slow-down.

Mr. Christie pointed out that the state must stamp each of the cards with the total value of the car before it can be sent to the community where the car is garaged.

If the name of the town or city or the make or year of the automobile is obscured, then there is a lot of time spent in handling the otherwise simple processing.

Once this has been done, the card comes to the town hall, where the assessors' office figures the tax due, and makes that notation on the card. Then tax bills are typed, and mailed by the collector.

"It's a fine system in theory" explained the tax collector, "but when you can't read the carbons it doesn't work out very well in practice."

LETTER WARNS OF MOLESTERS

acting suspiciously around children, don't become upset. Observe him so that you can identify him later. Get his automobile registration number if you can, then notify authorities. Cooperate with the police in every way you can.

When this particular problem was reported to the Selectmen, as they met Monday night, members of the Board felt that the instructions to parents should be given as wide distribution as possible, in an effort to cut down on the number of cases.

Invites Public To Meeting About Disposal Systems

The Andover Board of Health will conduct an open meeting Monday evening, Nov. 21, at 7:30 at the conference room on the second floor of the town house to discuss sewage disposal systems in the town of Andover.

The Board has invited all contractors, subdividers, builders, septic tank installers, interested home owners or other interested townsfolk, to this meeting at which time the following topics will be discussed:

Requirements for septic tank installations, typical systems, how to obtain permits, percolation tests and site inspections, maintenance, failures of tanks to function, research and development and state and local responsibility.

The Board is anxious that a large audience attend this meeting, which is being held to aid the individuals concerned with building in unsewered areas of Andover.

The sanitary engineering consultant to the Board will be present to answer questions on the topics presented.

Photography Is Exhibit Subject

"Photography at Mid-Century" is the title of a current exhibition at the Addison Gallery of American Art, Phillips Academy.

Assembled by the George Eastman House, Rochester, N. Y., the exhibit comprises the work of specially invited "modern masters" of the medium, as well as a juried selection culled from submissions from all over the world. As Beaumont Newhall, director of the George Eastman House, comments in the handsomely illustrated catalogue, "We announced our plans in the world-wide photographic press... The response was enthusiastic and wholehearted. Many of the photographers were not previously known to us... We feel that from the exhibition will come a clarification and quickened appreciation of photography's standing today both as an art and as a powerful and convincing means of communication."

Following the lead of the catalogue, the photographs have been installed at Andover in four galleries to represent four main groups, or approaches to the art. First, the Classic, or direct approach, "in which the ability of the camera to record exact images with rich texture and great detail is used to interpret nature and man, never losing contact with reality." Second, the Experimental approach "in which certain phenomena of the photographic process are exploited, such as the deliberate narrowing of tonal scale, solarization of the image, the negative as an end, exaggeration of perspective." Third, the Documentary, or photo-journalistic approach, "typified by the use of the miniature camera, wide aperture lens and high speed film" to tell about people and "to record the decisive moment." Among these, one occasionally finds a familiar dramatic picture previously published in one of the popular magazines. In this group too there are portraits of well known people such as Ernest Hemingway in the clutter of his study, or Toscanini as he guides his musicians. Here interest in the subject matter is apt to outweigh the technical excellence so that the photograph itself is virtually forgotten. Finally, the fourth group consists of those artistically valid photographs in which none of the foregoing elements dominate the others, but collectively "provide an evocative release, a symbol - even, at times, a trigger to a stream of consciousness."

The exhibition as a whole, according to Bartlett H. Hayes, director of the Addison Gallery, "is ready-made evidence for observing modern man's search for a better understanding of reality in terms of a popular medium; but, more than that, it demonstrates, by the excellence of the photographs themselves, the importance of individual sensitivity and control on the part of the photographer. Like the painter and sculptor, he regulates the image to make visible his concept of truth."

The exhibition is open free to the public daily from 9 a.m. to 5 p.m., and Sundays from 2:30 to 5 p.m., and may be visited through Sunday, Nov. 27.
